Amber,

Attached please find a letter regarding Cisco's document Production 20. A direct Kiteworks FTP downloading link, which points to the related, produced documents, is below.

Cisco's production today consists of one license agreement, which Mr. Hamilton disclosed in deposition and explained that Cisco planned to produce after the notice period to NCR expired. Although fact discovery is now closed, Paltalk is receiving this in advance of its opening expert reports. Cisco does not intend to produce any additional documents.

Thank you,
